

#### Who we are:

A partnership of academic and community health disparities experts working together to improve healthcare access and research for Black and Latinx communities in the Chicago area.

Community **Health Workers** (CHW)

We need resources, training, and awareness to increase COVID-19 vaccinations

**NEEDS ASSESSMENT** 

## WHAT WORKED?

CEAL created programs in response

- · Vaccinating community organization staff first
- Giving community organizations creative control over COVID-19 vaccination programs
- Pairing COVID-19 vaccinations with social services

PROGRAM EVALUATION

Earning trust between community organizations, community members, and researchers!

# WHAT ELSE ARE WE DOING?

# POPULATION LEVEL DATA EVALUATION

Learning more about how community organizations use population data

### **CHW CORE**

Training CHWs about COVID-19 and training CHWs to train others

**COMMUNITY SURVEYS**
